WILBERFORCE IS YET IN STATE OF TURMOIL

Developments following the investigation of affairs at the State Normal and Industrial School at Wilberforce are that the C. N. I. Board has elected Carl Jenkins as financial officer of the institution. He is the one demanded by the State Board of Control. Mr. Jenkins has been connected with the Secretary of State's office and will serve at a salary of \$5,000.

The C. N. I. Board had previously elected Randall Hickman, at a salary of \$5,000 over Theodore Carter, who was executive clerk. Carter testified before the State Examiner and the C. N. I. Board discharged him and also abolished the office as Carter was a Civil Service employee. Seven others who testified were also discharged.

The State Board of Control has not yet approved the pay roll of 70 employees under the C. N. I. Board. The Control Board will recognize Jenkins but insists on the other discharged employees being reinstated. This the C. N. I. Board has so far refused to do. The C. N. I. Board also refused at first to accept Jenkins but finding no way out gave in thinking this was to be the end of the trouble.

A plan had been set up by Supt. Bundy, Senator (?) Marshall and a few others to force Hickman's election at a salary of \$3,500 over Theo. Carter, who had testified before the examiner, gave the inside of affairs and for so doing was discharged. The examiner found nothing against Mr. Carter. Sen. (?) Marshall and Hickman endeavored to keep the Control Board from getting Jenkins, who is a Civil Service employee.

The Herald has received considerable information about Wilberforce University that has been voluntarily placed before us. We have no particular concern about the management of the University. That institution is more or less private and belongs to the A. M. E. church. This week we received a copy of the Gazette, a publication edited by Harry Smith, Cleveland, in the interest of the colored people in that city. As Editor Smith is a member of the C. N. I. Board at Wilberforce, what he has to say is of interest.

"The 'Knocking of the State Department' at Wilberforce is only a smoke screen" thrown out to cover up the crying need of a real honest-to-goodness investigation at Wilberforce University which would cover all of its doings for the past fifty years."

Editor Smith has written many letters to newspapers of Ohio protesting the recent investigation of the State Department at Wilberforce. As he is a member of the State Board we are inclined to think that he has not yet read the report of Examiner, Frank Brown, which is on file with Governor Donahay, Auditor of State Tracy and Attorney General Edward Turner.

Among the things that have come to our attention in looking over the Wilberforce situation is that on a certain coal contract which called for fifteen cars of a grade lump run of nine, but one car of this grade was delivered. The remaining shipments were all of the very poorest grade of slack.

Following the investigation last February orders were given, so we

are informed that no more hogs from the school farm be killed. The examiner was not satisfied about the placing of some 1500 pounds of smoked meat in Supt. Bundy's cellar and only 32 pounds on hand, according to Bundy's testimony. The Herald finds that after the examiner left the institution, two hogs were dressed at the power house, the animals having been killed elsewhere and brought to the power house by farm employees. As Supt. Bundy was present when the hogs were dressed he might now explain where the hogs came from and what became of the dressed meat.

While the state had granted the C. N. I. abundant funds to operate, the school yet we hear some, and stories of what the students had to put up with in the dining room. Regardless of the protests of one cook, she was forced to prepare meals for the students with so-called lard rendered from "gut-fat". Many of the students became sickened and when they could slip away would eat at the public restaurants across from the institution. When the students were found "eating out" they were reprimanded. It is safe to say that no "gut-fat" ever passed over the Superintendent's table.

One Xenia business man was given a contract for blinds at the State Institution. The employees could not complete the work in one day and left about fifty dollars worth of blinds in packages in the building until the next morning. When the employees returned they found every blind had disappeared. The contract was completed but at a loss to the Xenia firm. The mere fact that the State Examiner's report contains two affidavits that one prominent official solicited bribes from a contractor, should bring matters to a head. There should be an investigation to see if percentages of employees salaries were not retained before being turned over to employees. There are many things that need investigation. What will the authorities do in Columbus? That is the question uppermost in the mind of the public today?

The State Board of Control would be violating a sacred trust to the public as officials if this board turns over the million dollar appropriation to the present Board of Trustees to be wasted as has been revealed by the examiner's report. If the C. N. I. Board refused to accept the state funds under restriction, then let the school close. The Board of Control should and should be held accountable for it. If there is no school the public will soon learn the facts and probably Gov. Donahay will wake up and demand resignations of every member that voted to discharge faithful employees that testified to the truth as to what had been taking place at the school.

The Xenia Herald has the following to say concerning the Wilberforce investigation. "Wilberforce's mission is to do a wonderful work. It cannot have public support without public confidence. Stories of padded bills and many alleged irregularities would seem to warrant a complete state if charged that blank bills, procured from Xenia coal dealers and Xenia lumber men, were used to pad bills. Public confidence cannot be restored until clouds of suspicion are dissipated. In as much as the public pays the bills it has a right to know the truth. Has there been wholesale skulduggery?"

Mr. Martin Coffey of Cincinnati was in town yesterday visiting among friends.

COUNTY BONDED DEBT REDUCED DURING YEAR

The annual report of County Auditor R. O. Wead shows that the bonded debt has been reduced during the year. The gross reduction amounted to \$79,892.69 exclusive of the debts of municipalities, townships and school districts. With this reduction the debt of the county is now \$420,800. The interest and sinking fund trustees have \$176,086 on hand to meet this debt, leaving the total debt at \$244,714.

The county road debt was reduced \$45,142.69 to \$280,800 and \$5,000 in bonds for bridges and culverts paid. The net debt is \$43,800.

The debt on court house and jail is \$11,000, as \$5,000 was wiped out during the year.

The debt on the Children's Home and Infirmary remains at \$22,600.

The special assessment road debt of \$550 was eliminated and the deficiency relief act debt cut \$22,700 leaving \$58,400 yet due.

The road debt of the various townships was cut from \$13,000 to \$7,000. The Xenia city school debt was cut \$41,957.51, leaving \$687,709 due.

The total county school debt is \$488,221.60. The debt was reduced \$29,449.51 during the year. Bond issues totaled \$7,444.51 for the year.

Report of the debt on villages will be given out later as all returns are not yet reported.

Montgomery County Fair Opens Labor Day

With purses of \$5,000 hung up in the six trotting and the six pacing races and racing under the new harness horse rules, means an interesting report at the Montgomery county fair, beginning Labor Day, Sept. 5th.

The new rules insure real competition because all horses are classified according to the amount of money won and not classed by performance. This will insure a whip and drive race in each event. The marking of horses is a matter of little consequence since the winners will class through his money.

In the department of show horses there is offered a total premium of \$178,500 and many of Kentucky's finest thoroughbreds are expected to be in competition in the Saddle Horse classes. This is really a Society event since it will attract Polo ponies, Saddle Horses, Ladies and Gentlemen Fancy Turnout and special competition in all pony classes. The horse show events are scheduled for every afternoon beginning Monday, Sept. 5, at 1:30 P. M.

The cattle department has \$226,000 for premiums and the swine department \$204,000. For sheep \$121,000 is hung up for the winners.

All other departments have attractive prizes and a world of entries will be found on the grounds at the opening day.

Knight Of The Road Makes Return Visit

Monday morning bright and early the Herald had a visitor in the personage of Brunell Edwards, a traveling printer, who worked under this management a number of years ago. He is one of a few of the old type of journeyman printers that prefers to work little, especially in the summer, and live as close as possible to nature. He informs us he is now 73 years of age and still going, walking most everywhere he goes. He comes from England and has been in this country many years and yet has two sisters residing in London, England. He is well-read and keeps up on the events of the day. He claims to be one of 5,000 located to 100 acres of real estate located in the heart of New York city that is now in litigation and has been for many years. It has been discovered that the title of this valuable land is in question. It was originally deeded by King Edward of England. There are a few of the Edwards type of traveling printers on the road today. Improved linotype for composition has put these veterans of the case and stick out of business.

Mr. and Mrs. Herbert Stormont of near Troy, O., formerly of this place, announce the arrival of a daughter at their home last Sunday night.

Mr. J. S. West and son Joe, accompanied the Misses Jane and Ruth West to Mayaville, Ky., Wednesday, where they will visit with friends. Mr. West and son made the return trip in the one day.

NOTICE—I will sell farm implements and some household goods belonging to the estate of the late James E. Orr, at private sale on Tuesday and Wednesday, August 16 and 17 on the premises. Terms CASH.

MRS. ANNA O. WILSON, Administratrix.

George Carlisle Died Wednesday

George Albert Carlisle, 87, died at his home in Yellow Springs at 6:30, Wednesday following a long illness. The deceased was the son of one of the first residents of the village. When a young man Mr. Carlisle was regarded quite an athlete. He had a running jump record of 47 feet and held the honor of being able to throw a stone from Dayton street into the branch in Bryan park. He had another stunt of a standing jump from the floor onto a three foot counter at a distance of 15 feet.

The deceased was a Civil War veteran. He had served in the 10th Ohio Infantry, 10th Iowa Cavalry and one brother, Lewis Carlisle, and one sister, Mrs. M. Conner, Selma. His wife died about a year ago.

The funeral will be held this Friday afternoon.

Dog Catcher Now Is County Dog Warden

Alonso Edwards, formerly dog catcher under Sheriff Tate, has been named county dog warden by the commissioners under a new law which is now in effect. The officer will have many more duties under the new law. Dog owners also have more responsibility under the same law. One is that dogs must be kept tied or on the owner's premises from sunset until sunrise.

Mr. Alfred Townsley has rented rooms in the Shrodes property, formerly the Milburn home.

The offices of the probate judge are being redecorated and new electric lights installed.

GOVERNOR SHOULD ASK FOR RESIGNATIONS AT ONCE

There is but one alternative in the Wilberforce scandal. Gov. Donahay should be given to understand that if he did not call for resignations of C. N. I. Board members, affidavits would be filed against the accused in the Examiner's report.

The Board of Control can take a similar position and demand that unless the discharged employees are re-instated, that affidavits be filed and bring the matter to conclusion.

Any citizen of Ohio can file the affidavits and thus start action towards criminal prosecution. By the time the next deal and the automobile is located present C. N. I. board members would be at least ready to re-instate ejected employees.

Citizens of Greene county are watching every move in this matter and the Columbus authorities from the Governor down will know it before things are concluded. The fellows that have been running to Columbus and representing that a certain colored gent controls the colored vote; and that a certain reformer (?) controls the white vote, may yet have left a wrong impression about Greene county. Not the half has been made public today about the Wilberforce situation. For that reason Columbus had better not depend too strongly on promises as to controlling the vote in Greene county.

S. C. WRIGHT, Probate Judge of said County.

MISSING WORD CONTESTANTS ARE ON THE JOB

We are nearing the home stretch on the "Missing Word" contest. Contestants will work harder than ever rather than take a chance on losing their position in the race. Each missing word has been given so that each contestant should know just how she or he stands.

For the week of July 29 the missing word was "in" in the ad of Thomas and rouse. For the week of August 5th the missing word was "save" from the Cedarville Building and Loan.

The Herald has been more than pleased with the interest taken in this page and we are certain the advertisers appreciate the interest. Many out of curiosity read the ads for the missing word and yet are not entered. We find this true for many inquire what the missing word was if they have not seen able to glance at the page posted in our window.

This week a very simple word has been taken from one of the ads. The first letter of the word is "P". As you know there may be many places that such a word would fit in but there is only one correct place.

Besides a wife he leaves four children.

New Addition For Herald Plant

Brick masons this week completed an addition to the building occupied by the Herald. More room has been needed to care for increasing business. A separate room of fire proof construction will house our stenotype department. Few weekly papers are as well equipped to handle advertising mats at the Herald. Special machinery will be added to permit the plant to enter a field for larger publication work.

Dobbins Hog Sale Makes Good Average

The Hampshire sale Tuesday on the Ferndale farms was quite a success and according to Mr. Dobbins the average was about \$12 more than he had expected. Bidding was brisk and there seemed to be a heavy demand for breeding stock. The 75 head sold averaged about \$42. This is the second sale Mr. Dobbins has had this year, the last being in February.

Brand Says Dawes Can Have Ohio

Congressman Charles G. Brand is out in a statement that should sound good to Vice President Charles G. Dawes. "You can more nearly unite the republican party for the presidency than any other man." "I think you would have the support of my county (Champaign, my district, (Seventh), and my state."

Congressman Brand evidently does not consider Senator Pease as a rival in the running for having been mentioned.

JUSTICE COURT GRAFT LAW IS HELD UP

Ohio voters will get to express an approval or disapproval of the commercialized justice of peace bill passed by the last legislature.

Monday petitions with 115,000 signatures were filed with the Secretary of State which automatically holds up the operation of the justice bill until after the voter express themselves.

The United States Supreme Court decided last winter that the commercialized justice of peace court was unconstitutional in as much as they all shared in the fines collected. The only difference in the new bill and old one is that a limit of \$250 monthly salary is provided now, which must come out of fines.

The Ohio Automobile Clubs backed the referendum as did the Ohio Federation of Labor and many of the luncheon clubs. Thousands of motorists in Ohio have been forced to pay tribute in the commercialized courts and motorists in many communities were anxious to sign the petitions. Many Ohio citizens oppose the idea of using money and pretended law enforcement to enrich officers in petty courts. It is an idea of those who are so interested in reform movements that a tax payer must maintain courts for the profit of the office holder can get out of it. This feature is strongly opposed and a salary of \$250 a month for a justice of peace is much out of line with salaries paid other officials that have heavier duties. Moreover such a salary in a year's time is far more than the profits of a hundred ear farm.

The bill has more the earmarks of a political machine than sincere and honest law enforcement. For several years back hundreds of justice of peace courts have been offered, by half-bred foreigners with constables that in many instances have prison records. The automobile owner was at a disadvantage on the highway as one of the constables would drive up beside you and demand that you go to some distant court or put up \$10 as bail and then you did not have to appear in court. These constables carried their witnesses with them on side cars attached to motorcycles or riding together. Motorists in such a court were helpless and had to pay the graft demanded. It was always a remarkable thing how these constables could single out the right parties. A rattle-trap car with a certain class driver was never molested. Let a car go by that might represent the owner as having possession of \$10 or \$25 and he was hauled into court.

The commercialized court has had a black name recently. The Federal government found many of these constables selling liquor that had been captured in raids. Public sentiment has been set against such courts and those who back that idea of law enforcement are but staging a mockery that aid in weakening of other laws.

Xenia Nominates For City Commission

Xenia citizens nominated four candidates for city commissioner Tuesday with less than fifty per cent vote. Jacob Kany topped the list with Ed. Lighthizer second, Charles Kelble, in third place and Charles Fisher, fourth. The latter defeated George Geyer by one vote. Two candidates will be selected in November from the four nominations.

NOTICE—I will sell farm implements and some household goods belonging to the estate of the late James R. Orr, at private sale on Tuesday and Wednesday, August 16 and 17 on the premises. Terms CASH.

Songs of Plain Folks

By James Lewis Hays

Nightwatchman

Night watchman I,
And while you sleep
I'm walking by
A gloomy wall
Round buildings
Shadowy and tall,
Beneath a sky
God knows how deep.

When radio
And pleasure car
No longer sound
And you're asleep,
It seems the great
Stars nearer creep,
And yet they're far—
God knows how far.

I love the four
Still hours of night
From one until
The morning bars
Lift up and send
My friends the stars,
Behind the sky-wall
Out of sight.
